Beneath The United States A

"Written with a sharp sense of humour, Lars Schoultz's Beneath the United States is a strong criticism of US policy towards Latin America for almost 200 years. Schoultz's work integrates the most popular interpretations of US policy and gives them order and coherence by arguing that US hegemony, implemented in a variety of styles, was ultimately shaped by the belief of Latin American cultural inferiority...It is a book about misperceptions, narrow definitions and ethnocentrism that ...

Beneath the United States: A History of U.S. Policy toward ...

In this sweeping history of United States policy toward Latin America, Lars Schoultz shows that the United States has always perceived Latin America as a fundamentally inferior neighbor, unable to manage its affairs and stubbornly underdeveloped. This perception of inferiority was apparent from the beginning. John Quincy Adams, who first established diplomatic relations with Latin America ...

Beneath the United States — Lars Schoultz | Harvard ...

Beneath the US is a rich and detailed history of US policy towards Latin America. It documents both the policies and their often racist motivations. The book is incredibly dense and full of confusing political wonkery but for the most part it's pretty readable.

Beneath the United States: A History of U.S. Policy Toward ...

"Beneath the United States is a rich historical examination of US foreign policy toward Latin America from the early 1800s to 1996...The volume stands apart from other works in the field in that the unifying theme throughout is the well-documented argument that US policy makers consistently have treated their southern neighbors as inferiors. Of course, Schoultz also includes the more standard explanation for US behavior--national interest based on security, domestic, and economic issues ...

Beneath the United States: A History of U.S. Policy Toward Latin America (Lars Schoultz); The United States and Latin America: A decade ago, transitions from dictatorship to elected civilian government, and from civil war to negotiated peace, changed the political landscape of Central and South America. The end of the Cold War changed the calculus of U.S. foreign policy and spurred hopes throughout Latin America for a loosening of the leash that has bound the behavior of Latin American ...
