I saved this one from the trash curb in my old neighborhood. A little bit older system but still has some usability if it works of course.

Emachines Model W5243

I have a EL1352-23e emachine. I want to upgrade the CPU. Does anyone know what my options are? The Bios is P01-A1. Thanks.

Upgrading CPU on emachine — Acer Community

Use the actual mboard model to search with, along with emachines, on the web, and you'll probably find a used mboard that was in an emachines system. E.g. Intel Dxxxx Sea Breeze emachines. Make sure the ad says that the mboard has been TESTED and been found to work. It should say it has an emachines bios version.
