It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Dr. Bradley Nelson - The Emotion Code FlowCharts

The Emotion Code chart is a key component in determining and releasing trapped emotions. The Emotion Code Chart consists of 60 emotions, divided into two columns and six rows. Each box contains five emotions. Each row is listed with areas of the body these trapped emotions often affect but there are exceptions.

What is the Emotion Code Chart?

The Emotion Code Chart consists of 60 emotions, divided into two columns and six rows. To begin zeroing in on an emotion, ask yourself or your subject, "is this Trapped Emotion in Column A?" Perform the muscle test and, if the muscle being tested weakens, we believe this is a "no" answer.
