Certification to ISO/IEC 27001. Like other ISO management system standards, certification to ISO/IEC 27001 is possible but not obligatory. Some organizations choose to implement the standard in order to benefit from the best practice it contains while others decide they also want to get certified to reassure customers and clients that its recommendations have been followed.

KLM uses the Amushe lounge, which is overseen by Menzies. It's nicer than the Crown Lounge in AMS, but the WiFi is slower. Also, because Namibian security seems to be more for show - I was not able to spend that much time there as KLM requires every single passenger undergo manual hand-baggage screening prior to boarding.
