Social Studies Elementary Education Edition

In the United States education system (and other countries), social studies is the integrated study of multiple fields of social science and the humanities, including history, geography, and political science. The term was first coined by American educators around the turn of the twentieth century as a catch-all for these subjects, as well as others which did not fit into the traditional models ...

Burnside's Billions. Description: This innovative game requires students to "purchase" as many of the world's most important landmarks as possible with ten billion dollars. Students must purchase by using the game's tools to convert dollars to the native currency. For example, to buy the Eiffel tower, players must convert dollars to euros.
