Technology is ruining society, and the younger generations don't even realize because this is all they know. 1. Distracted driving is easier. That text can wait. That call can wait. That Snapchat can wait. Put the phone down! 2. We rely on our phones for everything. Need to do some math? Got a calculator on my phone. Need to do that history ...

12 Ways Technology Is Ruining Our Society

Technology society and life or technology and culture refers to inter-dependency co-dependence, co-influence, and co-production of technology and society upon one another (technology upon culture, and vice versa). Evidence for this synergy has been found since humanity first started using simple tools. The inter-relationship has continued as modern technologies such as the printing press and ...
